Annotation:

The aim of the course of SpecialisedEnglish - Part 2 is to extend the students’ knowledge in maritime English,providing the terminology and developing the language skills and the communicative skills required for the effective use of English in the professional environment. The lexical and syntactic units and constructions acquired in the previous semesters are consolidated and the thematically-related vocabulary and structuresare enriched. The emphasis is on reading and translation of specialised literature.

Main issues of the syllabus content:

- Manning
- MARPOL
- Classification
- Ship Power Plants
- Marine Diesel Engines
- Reading Comprehension, Summarising and Discussing
- Translation

Content presentation:

Students are taught through seminars and tutorials.
