Learning objectives:			
<p>The English language course in this semester is based on the general vocabulary and grammar skills the students have acquired during their secondary education. It aims at the further development of the students' competence related to the accurate usage of syntactic and lexical structures. In the end of the course the students are supposed to recognize various grammatical structures and to be able to apply them accurately and fluently when creating oral and written texts.</p>			
<b>CONTENTS:</b>			
	Training Area	Hours lectures	Hours seminar exercises
	The course is designed to meet the specific needs of the students and is determined by existing level and end objectives. However, core subject areas for a Business English course will include: fluency enhancement, improved listening skills for meetings and teleconferences, roleplay, company and sector-specific vocabulary.	0	30
